
Insight: Cancelled flights in the first quarter 2015

Link :

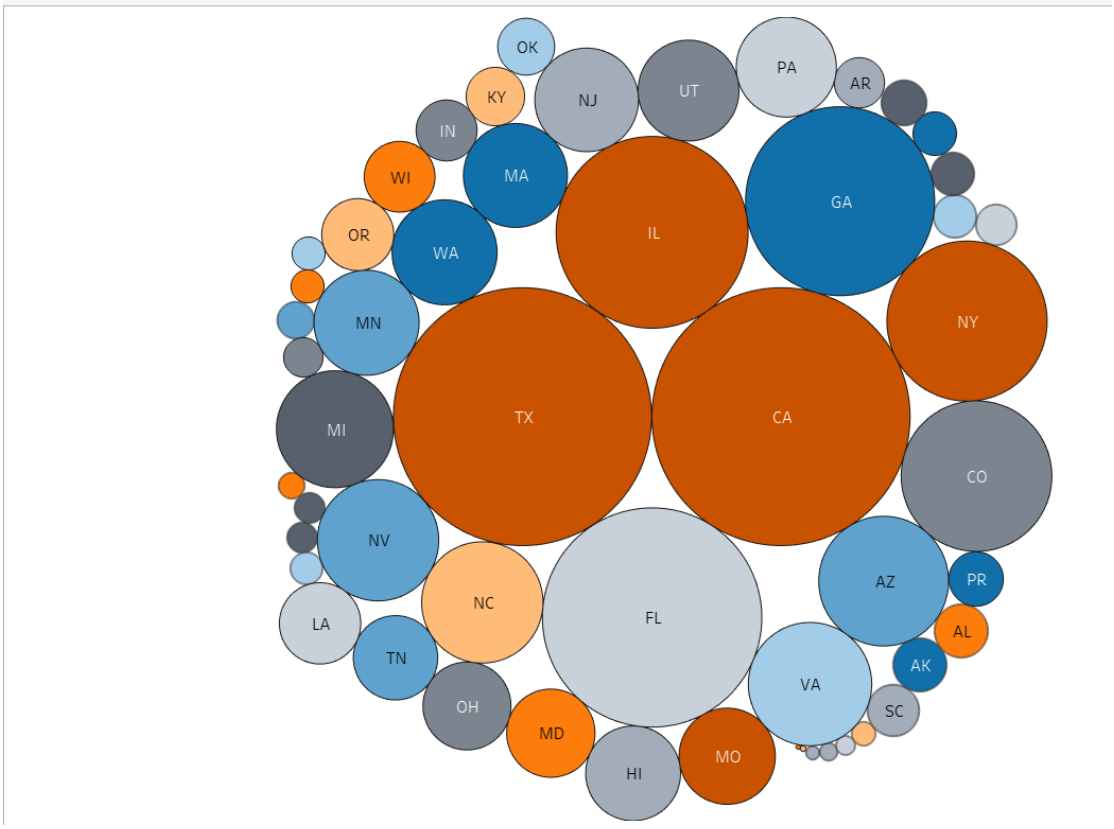
https://public.tableau.com/views/cancelledflightsinFIRSTQ1DASHBOARD/CancelledflightsDashboardforQ1?:language=en-US&publish=yes&:display_count=n&:origin=viz_share_link

Summary : in this dashboard is shows the sum of cancelled flights in the first quarter 2015 in each state of USA , I can see from the dashboard the state of **Tx** (Texas) have the most cancelled flights in the Q1 with 330 cancelled flight , and the most lowest states is

state of **De** (Delaware) 0 cancelled flight .

Design: I choose for this dashboard the map and the bars so I can see the result in two different way

Resources: N/A



Insight: Number of flights in in the first quarter 2015

Link:

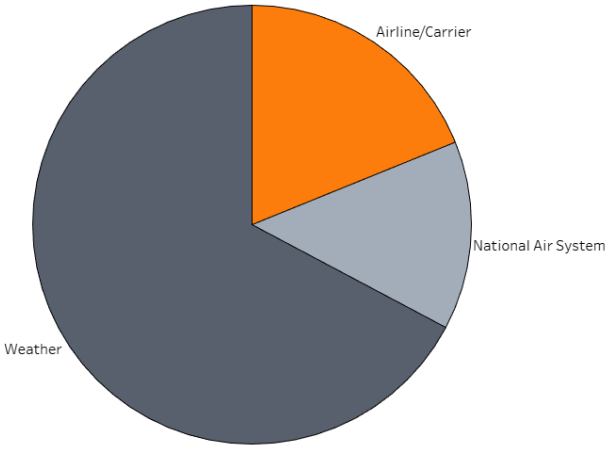
https://public.tableau.com/views/numberofflightsinFIRSTQ1/NumberofflightsinQ1?:language=en-US&publish=yes&:display_count=n&:origin=viz_share_link

Summary : here I can see the the sum of numbers of flights in the Q1 for each state ,the state of **Tx** (Texas) have the most with 8941 flight , and the most lowest states is state of **Gu** (Guam) with 3 flights

Design: I decided to go with the bubble chart for each state, its gave more clarity and simplicity , also I used friendly colors for colors blindness

Resources: N/A

CancellationReasons



Insight:Cancellation Reasons in in the first quarter 2015

Link :
https://public.tableau.com/views/CancellationReasonsinFIRSTQ1/CancellationReasons?:language=en-US&:display_count=n&:origin=viz_share_link

Summary : here I can see the the sum of cancellation Reasons in the Q1 , there is 3 reasons Weather and

Airline/Carrier and National Air System , and is it shows the weather have the most number with 1490

Design: I decided to go with the pie chart for this one, its gave more clear and easy to understand , also I used friendly colors for colors blindness
